GREENWICH, CT – On **Tuesday, May 8th at 1:15 PM, Greenwich Senior Center to host “*Uncovering the Truth about Back Pain.*”** Orthopedic surgeon, Scott Simon, MD, of ONS (Orthopaedic and Neurosurgery Specialists, PC) will present a health seminar at Greenwich Senior Center, 299 Greenwich Ave., Greenwich, CT. The program is free and open to the public. Registration is requested. To register, call 203-862-6271. For more information on topics related to orthopedics, sports medicine and neurosurgery, visit www.onsmd.com.

The talk topics will include the importance of proper diagnostics, how to know when back pain is serious or not, the latest treatment options, and exposing the myth of “laser spine surgery.”

Dr. Simon specializes in the treatment of spinal disorders. He is one of just a few physicians nationwide who is trained in both neurological surgery and orthopedic techniques to treat scoliosis in adolescents and adults. He is an expert in minimally invasive spine surgery and is Neurosurgical Director of Cyberknife Radiosurgery for the Stamford Hospital CyberKnife team.

Dr. Simon graduated from UMDNJ – New Jersey Medical School. He performed his Residency at The University of Pennsylvania Department of Neurosurgery and did Fellowship training in spine surgery and scoliosis at The Schriners Hospital for Children, in Philadelphia.

ONS is an advanced multi-specialty orthopedic and neurosurgery practice serving patients throughout Fairfield and Westchester Counties and the New York Metropolitan area. ONS physicians provide expertise in the full spectrum of musculoskeletal conditions and injuries, sports medicine, minimally invasive orthopedic, spine and brain surgery, joint replacement and trauma. For more information, visit www.onsmd.com, or call (203) 869-1145.
