Solutions to Knee Pain in Active Patients with Arthritis Seminar at Greenwich Hospital on May 7th

GREENWICH, CT – On **Thursday, May 7th, at 6:00 p.m.**, orthopedic surgeon/ sports medicine specialist from ONS and Greenwich Hospital will present *Solutions to Knee Pain in Active Patients with Arthritis* in the **Noble Conference Center** at Greenwich Hospital located at 5 Perryridge Road. Dr. Delos will discuss non-operative and operative treatments for knee arthritis for those who wish to remain active in sports and physical activities, without resorting to total knee replacement. The program is free and open to the public. Registration requested. To register, call 203-863-4277 or register online at www.greenhosp.org.

Demetris Delos, MD specializes in sports medicine and arthroscopic treatment of knee and shoulder disorders including knee preservation surgery, knee replacement, injuries to the meniscus, ligaments, and cartilage. His practice incorporates the latest operative methods including meniscal preservation and transplantation, ACL and multiple ligament knee reconstruction and repair surgery, and osteotomies to realign joints.

Orthopaedic and Neurosurgery Specialists PC (ONS) is an advanced multi-specialty orthopedic and neurosurgery practice in Greenwich and Stamford, CT. ONS physicians provide expertise in the full spectrum of musculoskeletal conditions and injuries, sports medicine, minimally invasive orthopedic, spine and brain surgery, joint replacement and trauma. The main office is located at 6 Greenwich Office Park on Valley Road, Greenwich, CT. For more information, visit www.onsmd.com, or call (203) 869-1145.
